

An aerial photograph of Campobello Island at sunset. The sun is a bright yellow-orange orb on the right side of the horizon, casting a long, shimmering reflection across the water. The island's dark, silhouetted landmass is visible in the foreground and middle ground, with small pools of water and rocky outcrops. The sky transitions from a deep orange near the horizon to a dark, muted blue at the top.

JUNE 29, 2019 – SERVICE RESUMED

A dark, moody photograph of a body of water, likely a lake or sea, with numerous ice floes floating on the surface. The water is dark blue, and the sky is a deep, hazy blue. In the far distance, a small boat with several people is visible on the right side. The overall atmosphere is cold and desolate.
